Experience

WEB and Interactive Communications

Student Web Designer / Graduate Assistant / Extra-Help
Software Developer / Web Developer

June 2019 - PRESENT

WEB and Interactive Communications builds relationships, connects with all facets of the University, and transforms the online Illinois State experience into an intuitive resource for the entire community.

- Modified web pages while maintaining WEB's Design System standards and template
- Drafted page layouts
- Modified and developed CSS code for website components
- Curated and edited photos for web pages
- Corresponded with clients on requests to best meet their needs
- Collaborated with design, content, and development teams to launch entire websites
- Designed and implemented SVG icons to ISU's web presence
- Adapted old website content to new design template
